Continuation of 2. NOTE: The proposed amendment of Claim 9 would introduce the limitations of Claim 18 into the independent claim. The amendment would also, however, introduce new limitations not previously considered. For example, it appears that Applicant intends to offer multiple H chain FR region options not yet under consideration (the H chain FR would comprise SEQ ID NOS:13, 14, 15, and 16, or 17, 18, 15, and 16, or 19, 18, 15, and 16, etc). Additionally, while it appears that these new limitations are intended to be options, there is no "or" between them, thus, raising new 112/1 and 112/2 issues.
